Is Your Water Safe?

**Give Your Back a Break...Stop Adding Salt to Your Softener**

Minerals in your water form scale deposits that build up inside your pipes, water heater, shower heads, and other water using equipment like cholesterol in your arteries. These deposits significantly decrease the efficiency of your plumbing systems. Drinking water and icemakers are also negatively affected, as are health quality of water and taste. Hard water is not safe for you, your family or your home.

Benefits of a No-Salt Water Conditioning System:

- ▯ Maintain healthy calcium & magnesium levels
- ▯ No sodium added to water
- ▯ No waste water vs. up to 10,000 gallons per year with salt softeners
- ▯ No environmental discharge of salt or chemicals
- ▯ Reduces iron staining
- ▯ Extends appliance life by 50% or more
- ▯ Descales inside of pipes & water heater
- ▯ Cleaner bodies, clothes, and dishes
- ▯ 25% or more reduced detergent use
- ▯ Clothing will last longer
- ▯ Cleaner more refreshing water

▯ Improves water heater efficiency and thus lowers energy bills

I am a lifelong resident of Stephens County and have had the pleasure of serving Stephens

County in several capacities for 25 years. My experience is vast as I have 17.5 years as a county road and bridge employee and 7 years as a road supervisor. Additionally, I have completed 60 hours of the county training program. To highlight a few: Excise Training, Budget Process, Purchasing, and Understanding the Whole of County Government.

I have a strong interest and desire for public service, especially toward my fellow residents. I believe that my years of experience and work within the County Training Program have given me the skills necessary to serve this office and the public well. I promise to be approachable and attentive to the needs and concerns of the residents of Stephens County. I vow to be a team player and look forward to working with other elected officials and employees at the courthouse.

I will work side by side with my fellow employees at District #2 and I am confident that such collaboration, along with my experience, knowledge, and work ethic will make a noticeable difference in the county in a short time. As a public servant, I want to use my years of experience and knowledge to do just that: Serve the residents of Stephens County. I have worked with many of you over the years to help resolve your issues and hope that you will allow me to continue to serve you. I am passionate about this position and look forward to discussing it and my qualifications with you all.

I would appreciate your VOTE on June 30, 2020. Thank You.

## Lonnie Estes

**For Stephens County Commissioner District 2**  
Transparency and integrity is key in this candidate’s campaign. Lonnie Estes, a previous Stephens County Commissioner for District 2, is set to run for District 2 Commissioner in the upcoming election as an Independent candidate.

“I have been a Republican all my life, but have recently changed to Independent so that every registered voter in District 2 can vote,” Estes said. “Every person should be able to vote for an elected individual, and I feel that county should be a nonpartisan race. County elected officials do not make law, they follow law handed down by federal and state government,” he said. “I plan to uphold state statutes, as well as allow other elected officials to add items to the agenda.”

If elected, Estes plans to work with the other commissioners to continue to upgrade the fairgrounds and recruit new events, improve roads and bridges, and also cultivate courthouse business and affairs.

“As a multi-faceted businessman in Stephens County, we need a commissioner in District 2 that is going to take an aggressive approach to helping stabilize economic functions in Stephens County,” said Mike Sellers, a small business owner. “We need someone like Lonnie to help make the economic recovery process run as smooth as possible.”

During his previous term, one goal Estes and his fellow commissioners accomplished included expanding the fairgrounds.

Other plans Estes has include providing funding for local and county law enforcement and first responders to purchase equipment needed to be able to complete their job safely and efficiently.

“Being a huge supporter of our law enforcement, I plan to work closely with the county sheriff to help provide funds for necessary upgrades,” said Estes.

Working as a team with other elected officials is a top priority for Estes.

Estes served Stephens County as County Commissioner throughout 2013-2016. Accomplishments the commissioners achieved during Estes’ previous term include expansion of the Stephens County Fairgrounds, worked with other elected officials to solve problems, and created solutions for economic development. Estes’ community involvement includes 16 years with the Empire Volunteer Fire Department and 3 years as a deputy sheriff with the Stephens County Sheriff’s Department. He is a member of the Chisolm Trail Cowboy Church in Duncan.

Estes can be contacted by phone (580-786-6817) or by email (circleerc@gmail.com). Contributions to his campaign can be sent to: Lonnie Estes for County Commissioner, PO Box 611, Duncan, OK 73534.
