Classified & Display Ad Deadlines

The deadline for classified ads for the next issue is Dec. 2. Display ad space must be reserved by Nov. 25.

If your ads are not received by this deadline, they will not be published in the next issue.

Please limit ads to 25-30 words. There is a \$5 charge for ads over 30 words.

Classified Cost

Cotton Electric members are entitled to two free ads *per membership* per month. Additional ads or ads over 30 words can be purchased for \$5 per ad.

Not a member, but still want to advertise? Ads must be prepaid, so enclose \$5 with your ad to guarantee placement.

Contact Us

Ads can be sent in the mail or be dropped off at Cotton Electric, 226 N. Broadway, Walters, OK 73572. Ads can also be dropped off at the Duncan office, 1101 W. Oak.

Ads can be emailed to classifieds@cottonelectric.com or they can be sent via fax to 580-875-3101. Place an ad by phone by calling 580-875-3351.

UNCOMFORTABLE?

Does your home have any of these symptoms?

- ☐ Rooms that get too hot or too cold?
- ☐ High utility bills?
- ☐ Thermostat wars with your spouse?
- ☐ High humidity in summer?
- ☐ House just never seems comfortable?
- ☐ There doesn't seem to be enough airflow?
- ☐ Dust buildup within 2 days of dusting?
- ☐ Problems with your system since it's been installed?
- ☐ Anyone with allergies or asthma?
- ☐ AC starts and stops frequently or runs all the time, and house is still not cool?

- ☐ Have been told by other contractors that the problem cannot be fixed?

If you answered **YES** to any of these questions, we can help!

Pippin Brothers has specialists that can pinpoint and correct these problems and, in many cases, you don't even have to replace your equipment, with the solution usually being easier and costing a lot less than you may think. There is no other contractor in Lawton more qualified than Pippin Brothers at diagnosing and correcting these annoying, inconvenient, unhealthy, comfort-compromising and energy-wasting concerns. Call us today and let us make your home **Feel As Good As It Looks!** After all, your home is your largest investment and you and your family deserve to be comfortable - don't you?

Holidays with The Current

Shoe and Boot Mat:

Place a folded-up newspaper beside the door as a place for guests to put their wet and muddy footwear to avoid staining the carpet.

Fireplace Logs:

Roll up newspapers and tie them tightly with string to make makeshift logs. You can then use them in your fireplace, saving on wood.

Need more newspaper? We have a surplus of newspapers available to members at no charge. Visit co-op headquarters in Walters and we will fix up a bundle for you.

Gift Wrapping:

No time to run to Hobby Lobby? Wrap holiday gifts with old newspaper. If you have time, you can even cut thin strips to make a decorative bow to top it all off.

Packing Material:

Newspaper is a great substitute for bubble wrap. To pack a gift with fragile contents, first wrap the items individually. Place them in the box, separated by crumpled paper. Then fill any remaining space with crumpled paper. If you have a lot of old paper, use a paper shredder to make piles of great packaging material. Whoever receives your gift can avoid waste and put your papery packaging straight in their home recycling bin.

Table Padding:

Lay newspaper underneath a table cloth on your kitchen or dining room table. It's an excellent replacement for expensive padding, and will help protect your table from spills and other damage.

Sutherlands **TARTER**

CATTLEMAN CHUTE with AUTOMATIC HEADGATE

- Single-lever, double-sided squeeze mechanism with heavy-duty linkage
- Features: rear tailgate release and side door release, durable, triangular pull handles hooked to pulleys at pivot points for ease of operation and durability.
- Powder coated corrosion resistance.
- Scale-ready. #CCA 7104428

October 2020 Ice Storm

First outage reports began shortly after midnight Oct. 27. Some 13 hours later, 8,694 Cotton Electric members were without power.

Damage during the rare October ice storm was from ice-laden tree limbs falling into lines and limbs and lines

bouncing up when the ice melted.

Cotton Electric crews were joined by contractors to keep restoration efforts going around the clock. The final known residential outage was restored shortly after midnight Oct. 30.

Thick layers of ice formed on equipment, including poles, wires, insulators and transformers. Photos by Journeyman Lineman Bobby Shortt.

Ice-laden power lines put tension on poles, leading to roughly 50 broken poles replaced throughout Cotton Electric's service territory. Photo by Staking Engineer David Break.

Ice-laden tree limbs broke and fell into power lines. Photo by Journeyman Lineman Bobby Shortt.

THE SEVEN COOPERATIVE PRINCIPLES

Cooperatives around the world operate according to the same set of core principles and values, adopted by the International Co-operative Alliance. These principles are a key reason why America's electric cooperatives operate differently from other electric utilities, putting the needs of our members first.

COOPERATION AMONG COOPERATIVES

By working together through local, national, regional, and international structures, cooperatives improve services, bolster local economies and deal more effectively with social and community needs.

Cooperation Among Cooperatives – A fourth Cotton Electric crew returned recently from Louisiana, where they worked to restore power after hurricane damage. The crew included, from left, Journeyman Linemen Scott Dennis, Matt Winburn and Shayne White and Apprentice Lineman Keeton Sallee.
