Comanche Elementary students work on assignments using digital devices. Assignments are accessible via devices at school and in their homes, allowing them to set their own pace and to work remotely. This is also a way for parents to monitor a child's schoolwork. The school will expand the number of devices available, using a \$2,000 CECF grant to purchase Chromebooks. Since 2004, Cotton Electric Charitable Foundation has issued grants totaling \$136,845 to support schools in the service territory. Download CECF grant applications at CottonElectric.com. First-quarter 2018 grant applications are due Feb. 28.
